

CHIPPER LOWELL - BIOGRAPHY

Award-winning comedian Chipper Lowell has been described as an “*artistic cyclone of talent & comedy.*” Equally adept at unusual stunts, bizarre magic, dangerous juggling and twisted, original stand-up comedy, he is a true eclectic fireball of a performer. The Los Angeles Times has called him, “*Feverish, Frenetic & Hilarious!*”

Born into a circus family has certainly had its advantages for Chipper. His father was a well-known, professional clown under the big top, while his mother was a top-flight gymnast and aerialist who performed death-defying acts such as “Iron Jaw” where she suspended herself several stories above the crowds using only her teeth. (Yes, you read that right!) “Because of her, we were never without a bottle opener,” jokes Chipper.

Not content to merely soak up the vibrant circus atmosphere of his wacky childhood, Chipper also became an ardent student of other performing arts such as theatre, film, and even vaudeville. By age 17, he had already developed his own one-man show, “The ChiPPeR Show!,” which took him all around the world numerous times.

His second critically acclaimed show, “The Chipper Lowell Experience!” was extended three times and ran for over 500 performances at the Horizon Casino Resort in Lake Tahoe, Nevada.

His credits have become just as varied as his talents:

- Currently headlines top casinos, comedy clubs and theatres in Las Vegas, Reno, Lake Tahoe, Atlantic City, Canada, Japan, Australia, and Europe. He’s also a top choice for Fortune 500 corporate events throughout the United States & Canada.
- His Television and Film credits include: The Tonight Show with Jay Leno (twice), Empty Nest, The John Larroquette Show, America’s Funniest People, & Good Morning L.A.(films:) Larger Than Life, Time Changer, My Life, SIX.
- In addition to performing, Chipper has also written, produced and/or consulted for the following: (Television) The Tonight Show, Comic Strip Live, The Magic of David Copperfield, (Recordings) Comic Relief VI, V & VI, The Comedy Box, National Lampoon’s Radio Hour Anthology, (Film) Remnant, SIX.
- The red-headed comedian has garnered several top honors including twice voted “Comedy Magician of the Year!” by the International Magicians Society (2004 & 2006), and “Specialty Act of the Year!” by Action Magazine and Lake Tahoe’s Daily Tribune.

Chipper resides in southern California with his wife and son and a mortgage.
